

A complete listing now of all claims are as follows:

At filing Claims 1 - 9

In response to an 11/25/02 restriction requirement claims 1-5 were elected for examination in this application

In a 4/8/03 response to a 1/9/03 Office Action three claims were to be rewritten as new ex parte jepson claims 10 , 11, and 12, containing a distinguishing perylene compound limitation and all others were to be cancelled. The 4/8/03 instructions however mistakenly did not include claims 3 and 4 for cancellation. Claims 3 and 4 are cancelled herewith.

Thus with respect to omission (1) in the 6/10/03 document the remaining claims for examination are only the new claims 10,11 and 12 and with respect to omission (2) in the 6/10/03 document claims 3 and 4 now being cancelled there are no longer any limitations.

Respectfully submitted,
